A Philadelphia policeman aroused
the indignation of a lot of people the
other day by jumping on and drag-
ging to the calaboose an innocent
looking little fellow in knee breeches.
They felt very much like mobbing
the cop, but when they reached the
station house and discovered that the
little fellow in short pants was "Dub-
lin Joe," a notorious pick-pocket,
about forty years old, who had his
pockets stuffed with stolen truck,
they changed their minds and con-
cluded that it isn't safe all the time
to judge a man by the cut of his
breeches.

Charters have been secured and a
company formed to build a railroad
up the North Pacific to Bering
Strait, which will cross by bridges
and make connection with the Rus-
sian Trans-Siberian road, on which
work is now progressing, thus mak-
ing continuous rail travel from this
country to Europe. It is expected
that the Trans-Siberian road will be
completed by 1905, when the trip
around the globe can be made in
thirty-one days at a cost of \$500.

A leprosy conference just held in
Berlin has decided that although that
disease is contagious it is not heredi-
tary, and announced that it has dis-
covered the cause of leprosy in a bac-

gress the doctors will now turn their
attention to getting the better of the
bacillus, and there may be hope for
hope for the leper yet.

fered the man who restores his sight.

LOCAL DOTS.

Items of Interest Gathered Here
and There and Briefly Noted.

—The dates of the Lumberton
Fair are November 24, 4th and 5th.

—The STAR understands that Mr.
W. B. Savage, who went to Yonkers, N.
Y., a few weeks ago to engage in busi-
ness, is soon to return.

—Two colored women were ar-
rested yesterday by Deputy Flynn,
charged with larceny, and will be tried
by Justice Baugh Saturday.

—The schooners William C. Wick-
ham, Savannah to Philadelphia, and
Rebecca R. Douglass, Georgetown to
Philadelphia, are in at Southport for
barber.

—The price of tar went off 10
cents per barrel yesterday, being \$1.40
at close of market. The spirits market
was also rather sluggish, and sales were
made at 99 and 98 1/2 cents—a half cent
lower than on the day before.

One Cent a Word.
Hereafter advertisements to go in our
Business Local department will be
charged one cent per word for each in-
sertion; but no advertisement, however
short, will be taken for less than 30 cent
short, will be taken from former rates
and it is also a convenience to ad-
vertisers who can calculate the exact cost
of their advertisements, which must be
paid for always in advance.

Palace Market and Furniture Store.
Carpenters and plasterers have been
busy in the vicinity of Second and Mar-
ket lately. The large building on the
southeast corner has been renovated and
Messrs. Sneed & Company have about
finished moving in their large stock of
furniture. There are three stories in the
building, all of them large and commodi-
ous, and they are all filled with the
different kinds of furniture.

On the corner diagonally opposite the
new Palace Market is being rapidly con-
verted into a business. Scales, refrigerators
and everything necessary for a
first-class concern of the kind have been
put in.

Mr. J. F. Garrell, the proprietor, makes
announcement of the opening this morn-
ing, Mr. G. E. Tiley, who has had
several years' experience in the fresh
meat business, will be the manager.

Fort Receipts of Cotton Heavier Than They
Were Last Year.

The receipts of cotton at all the ports
for the last three days are considerably
heavier than for the three correspond-
ing days of 1896. This is something
unusual as the difference has been heretofore
almost uniformly in favor of
last year. The comparative figures are
posted on "Change yesterday are 69,863
bales for Monday this year, against
65,189 bales for same day last year; 81,894
on Tuesday, against 66,990; 55,158,
against 48,888.

To Be Considered.
Whether or not a paid fire department
will prove more efficient than the present
system will depend largely on the char-
acter and capacity of those who compose
it. If the wretched partnership that has
been shown in the selection of the present
police force of Wilmington were fol-
lowed in the appointment of firemen for
a paid department, the property owners
would soon be disgusted with the change.

VENERABLE CITIZEN DEAD.

Mr. Jno. B. James Passed Away in the 92d
Year of His Age.

Born March 10th, 1806, in that part of
the present county of Pender known as
Holly Shelter, he was descended from
one of the oldest and most patriotic
families of that section. His grand-
father, John James, was a captain in the
Revolutionary army, and was killed, at
the head of his company, in an en-
counter with Tories.

In the war of 1813 his father was a
soldier, and his two brothers served in
the war with Mexico. Three sons re-
presented him in the Confederate army.
In 1884 he was married to his cousin,
Miss Martha Tillinghast, and after fifty-
two years of devoted and happy wed-
lock he preceded his three years ago to
the rest that remaineth for the peo-
ple of God.

Previous to the war he was engaged
in mercantile pursuits, subsequent to
the period of reconstruction he was
many years chairman of the Board of
Magistrates of New Hanover county,
and also an inspector of naval stores.

He passed away on yesterday after-
noon, his dying bed surrounded by two
sons, three daughters and thirteen grand-
children, exemplifying the inspired as-
surance of the Psalmist that to "Keep
innocency and do the thing that is right
will bring a man peace at the last." He
was loved because he was loving; re-
spected because he was manly, and true,
and just; and he was venerable because
the silver hair of age was the reflection
of a character pure, and strong, and
helpful to his fellow man. His later
years were burdened by grievous physi-
cal ailments, which were hardly felt
amidst the tender ministrations of his
large and loving family, and particularly
by the pathetic and really angelic watch-
fulness of a little grand-daughter, to
whom he was most devotedly attached.

Mr. James was the oldest citizen of
Wilmington, and with him passed away,
almost the last link that binds us to
"the elder times" of the glory and
prowess of the old North State. He was
a member of St. John's Episcopal
Church, of this city, and his funeral will
take place from thence to-morrow morn-
ing at 10.30 o'clock.

And we are glad that he has lived thus
long.
Not deemed that kindly nature did him
wrong.
Softly to disengage the vital chord;
For when his weak hand grew palsied,
And his eye dim with the mists of age,
It was his time to die.

The Merchants' Association.

The Board of Directors of the Mer-
chants' Association met at their office at
8 o'clock last night. The president be-
ing absent, Mr. George R. French was
called to the chair.

The secretary, Mr. P. Heinsberger,
submitted his report, showing that over
fifty of the leading merchants in the city
have joined the Association and signed
the constitution and by-laws, and many
more are considering the matter. The
report was accepted and ordered on file.

The president was instructed to draw
a warrant on the treasurer to pay for
fitting up the office.

A committee was appointed to draw
up a circular letter for the use of mem-
bers of the Association, to report at the
next meeting of the directors.

After discussion as to the general
working of the Association, the meeting
adjourned, subject to the call of the
president.

CAROLINA BEACH CLUB HOUSE.

Meeting of Subscribers—Plans Exhibited—
Ladies Requested to Sign Names.

A meeting of the subscribers to the
Carolina Beach club house was held last
night at the city court room, Herbert
McClammy, Esq., presiding. The ap-
plication for a charter was read and dis-
cussed. The plans were exhibited as
made by Mr. H. E. Bonitz. They show
a building which will be an ornament to
the beach and which for convenience of
arrangement will be quite excellent.

The cost will be \$100. The meeting
adjourned till Thursday night next,
where permanent officers will be elected.

The ladies are requested to send in
names for the club to Mr. W. A. French,
Jr. The one who sends in the name
which a majority of the members think
suitable and accept will receive a free
pass to Carolina Beach for the season of
'98, with club house privileges. This
offer is open till next Thursday night.

Wilmington Foot Ball Team.

All applicants for membership in the
Wilmington Foot Ball team and all per-
sons interested in its success are re-
quested to meet at the O. A. N. hall at 8
o'clock to-night. Business of importance
will be discussed. After the meeting,
the team will adjourn to the O. A. N.
athletic park for practice. A full atten-
dance is desired at the practice.

There are several games scheduled for
the coming season and it is necessary to
get all the practice possible. Ladies are
given a special invitation to attend all
practices.

Buried at Oakdale.

Little Annie R. McEntee, the five-
year old daughter of Mr. and Mrs. Jno.
McEntee, died of typhoid fever at 4
o'clock Tuesday afternoon. The funeral
was conducted yesterday afternoon at 8
o'clock from the residence, corner Third
and Queen streets, Rev. Father C.
Denness officiating. The interment was
made at Oakdale. Messrs. C. D. Gil-
bert, J. P. Gilbert, Joe Britt and J. W.
Swain were the pall bearers.

A Darkey in a Show Window.

A Mr. P. B. Penny's clothing store had
quite a novel attraction yesterday in the
shape of a miniature darkey in red
trousers and a cap. By some ingenious
arrangement the darkey's eyes can be
made to move about in their sockets,
looking in first one direction and then
the other, and the effect is very amu-
sing. Numbers of people stopped yester-
day to take a look.

THE KING'S DAUGHTERS.

Annual Meeting of the Ministering Circle
Held at the residence of the President.

The annual meeting of the Ministering
Circle of King's Daughters was held
yesterday afternoon at the residence of
the president, Mrs. C. O. King, who
presided, with Mrs. C. H. Blyer, sec-
retary.

An election of officers for the ensu-
ing term resulted in a unanimous re-
election, as follows:
President—Mrs. E. H. King.
Vice President—Mrs. Stella Thomp-
son.
Secretary—Mrs. C. O. Blyer.

Treasurer—Mrs. C. H. King.
Mrs. King, the treasurer, presented
her report for the last year's work, which
was accepted and ordered on file.

Mrs. King then presented a report,
showing the work accomplished by the
Circle during the last seven years, from
which the following interesting para-
graphs are taken, viz:

I thought perhaps a short report just
as a review of the work since I was
elected treasurer, and the same Fall was
elected president of this noble work,
would be interesting.

I opened the books for the Circle,
then called "The Blessed Ten," April 9,
1890, with \$98.40 in the bank.

We have the several entertainments.
Our object being a Summer home
on the beach, for the poor, Mr. F.
Foster hearing of our desire, encour-
aged our work and on the 26th of
March, 1890, gave us a deed of the land
and drawing up a subscription paper
headed it with \$50.00, which paper Miss
Susie Manning, Mr. Dick (who through
the whole work was of the greatest pos-
sible help) and myself took from mill to
mill, from store to store.

The subscription paper, which you can all see
how successful it was, with deeds, etc. The
first payment was made July 19th, of
\$50.00, the fifth and last payment was
made March 28th, 1891, of \$940.97, mak-
ing in all \$740.97.

The name was the next question.
What should we call it? The ques-
tion was discussed for some time. Miss
Agnes Daniel said she thought
"A Shelter," with some other name,
when it was suggested "The Silver
Cross," the emblem of our order, and so
on and so forth. At last, on August 18th,
the "Shelter of the Silver Cross" was so-
lemnly dedicated by Dr. Strange.

The season was so short we did but
little, giving you as near as I can the
expenses for the past seven years, end-
ing with the close of the season Sep-
tember 4th, 1897. I will not go over the
year's work, but give you the sum total.
My book is for your inspection if you
like. The number of inmates I have not
been able to keep a strict account of ex-
cept the past two years, which has been
878 and for the three previous years I
am almost certain there were quite as
many; we can count for the last five
years 15,000 poor mothers with their
children who have been made happy
and comfortable for a week or more.

The sewerage system and water works
which were used at the Shelter during
the past Summer were obtained with
the following donations, viz: T. M.
Emerson, \$10; G. H. Smith, \$10; M.
Cronly, Jr., for Col. Murchison, \$10; E.
J. Powers, \$10; Bridges family, \$10; B.
F. Hall, \$10; Mrs. R. H. Grant, \$10; Jas.
H. Chadbourne, Jr., \$10; F. Rheinlester,
\$5; L. B. Blundell, \$5; Dr. G. G.
Thomas, \$5; R. W. Hicks, \$5; M. J. Cor-
bett, \$5; Jno. A. Arringdale, \$5; W. K.
Kenan, \$5; F. W. Foster, \$5; H. B. Short,
\$5; G. H. Wadly, \$5; W. N. Harris,
\$5; P. P. Parrish, \$5; lawn party given
by Junior Branch, \$14.97. The water
used was kindly furnished by the Clar-
endon Water Works Co.

REV. T. PAGE RICAUD.

Seventy-fifth Birthday—Over Fifty Years
a Mason—Celebrated by St. John's Lodge
With a Reception and Banquet.

Yesterday marked the 75th birthday
of one of Wilmington's most highly re-
spected citizens—Rev. T. Page Ricard.
For over fifty-three years of his eventful
life he has been a Mason, and last night
at the lodge room of St. John's
Lodge No. 1, A. F. and A. Masons a
Masonic reception was tendered the
venerable gentleman, which certainly
testified love and esteem.

The meeting was called to order by
Mr. R. C. Merritt, W. M., who stated its
purpose and also that the lodge had de-
cided to present Mr. Ricard with a cer-
tificate of honor. Mr. E. S. Martin was
called upon to present the certificate,
which he did in a few able remarks, al-
luding to the life and character of Mr.
Ricard. Mr. Ricard accepted the cer-
tificate in a short, but eloquent speech.

Speeches were then made by Mr. C.
H. Robinson, P. G. M., of Wilmington;
Lodge; Mr. W. M. Poisson, of St. John's
Lodge; Mr. M. S. Willard, W. M., of
Orient Lodge, and others, after which
choice refreshments were served.

The reception last night was eminent-
ly fit and proper, inasmuch as it did
tribute to a man honored alike in the
Masonic fraternity and among the peo-
ple at large. Mr. Ricard's life has been
one of great usefulness—a blessing to
his day and generation. He has spent
his years and strength in that noblest
of callings, the preaching of the gospel. His
declining years are sweetened by the
affection of four children, A. G. Ricard,
Esq., and Miss Rosa Ricard, of this city,
Mr. T. P. Ricard, Jr., of Bennettsville,
S. C., and Mrs. R. R. Farrior, of Kenne-
ville.

Circles Planted.

The rain and wind of Tuesday played
havoc with the newly posted bills an-
nouncing the coming of Robinson &
Franklin Bro.'s circus, for yesterday
the bills hung in perfect shreds from
the different boards and fences around
the city. This state of affairs, however,
did not stay in existence long, for an
other force of hands was immediately
sent out from the advertising car, and
now new, but just as firing bills, greet
the eye.

GIESCHEN-GLAMEYER.

Marriage of a Popular Young Couple at St.
Paul's Lutheran Church.

Last night at 8.30 o'clock Mr. Henry
Gieschen and Miss Emma D. C. Gla-
meyer stood at the marriage altar in St.
Paul's Evangelical Lutheran church and
were made man and wife. The cere-
mony, which was conducted by Rev. K.
Boldt, pastor of the church, took place
amid a brilliant and large gathering of
friends and relatives of the contracting
parties. For many minutes before the
time appointed for the nuptials to be
celebrated every seat in the sacred edifice
was occupied, but the occupants,
however, had a truly magnificent
sight to feast their eyes upon before the
arrival of the bridal party, for the inter-
rior of

But while the wheat grower of the West and the manufacturers who hold him goods have been benefited by this "prosperity" which had its origin in the cry for bread from other countries, the farmers of the East have been benefited very little, if at all, for they are buyers rather than sellers of wheat; and the farmers of the South have not been benefited by it at all, for they, too, are buyers rather than sellers of wheat. They are not buyers to the same extent that they once were, for experience has taught the necessity of raising more of their home supplies than they did in former years, which they are doing and have consequently found it necessary to buy less of these, but still they buy a good deal. While they do this and have to pay the higher prices, the crop upon which they are mainly dependent—cotton—has fallen in price so that it leaves but very little margin for profit if any.

For years, and even yet, the Southern people made, and still make, the mistake of buying in other States many things that they could and should make at home, the result of which was that millions of dollars which should have been kept at home went out annually to pay for

sweetened with brown sugar to taste it with, pouring on two tablespoonfuls of wine, and stirring it up. Then baste frequently with the drippings from the ham. When the ham is baked, before it is removed from the oven take a cup of finely rolled stale bread crumbs and two teaspoonfuls of brown sugar, and a level teaspoonful of dry mustard, and moisten with a little cider or wine to make a paste. Spread this over the ham and return it to the oven long enough to have it a nice brown.

A sauce to serve with baked ham is made thus: Put into a saucepan over the fire a heaping teaspoonful of butter and an equal amount of flour. Stir them together until they are browned. Then gradually add a cup of highly seasoned stock and cook ten minutes; add a cup of white wine. Stir until it is hot; then strain and serve.—New York Commercial.

This image shows a vertical strip of aged, textured paper. The paper has a mottled appearance with various shades of gray and white, indicating its age and possibly its exposure to light or moisture. The texture is slightly grainy, and there are some darker spots and creases visible, particularly towards the right edge. The strip is set against a solid black background, which makes the lighter, textured paper stand out. The overall composition is simple and focuses on the material's texture and color.

FELONIOUS ASSAULT.

A Train Dispatcher at Norfolk, Va., Arrested on a Serious Charge.

By Telegram to the Morning Star.

NORFOLK, Va., October 20.—A sensation has been sprung here by the arrest of T. Q. Thompson, a well known young man, train dispatcher for the Norfolk & Western railroad, on the charge of felonious assault upon a woman, an 18-year-old orphan girl. The case will come up for hearing to-morrow. Thompson is in jail, unable to obtain bail.

It is charged that the man found the girl on the street last night, looking for a place to stay all night; that he, under the pretense of taking her to a boarding house, lured her into a house of ill fame. Her screams attracted the attention of the matron, who joined in the warrant for his arrest, which followed several hours later.

The penalty for the crime in this State is death. It is said Thompson will endeavor to prove blackmail.

WIESBADEN, October 20.—The Czar and the Grand Duke of Hesse arrived here at 12:30 p. m. on a visit to Emperor William. They were met at the depot by his Majesty and the Prince of Schamberg-Lippe. The two Emperors cordially embraced and kissed each other. After the usual presentations, their Majesties drove to the Castle, warmly cheered by the crowds lining the route.

DARMSTADT, October 20.—The Czar and the Grand Duke of Hesse returned here this afternoon from Wiesbaden where they visited Emperor William of Germany. The latter will return their visit here to-morrow.

NEW YORK, October 20.—The funeral service over the remains of Charles A. Dana took place to-day in St. Paul's Episcopal church at Glen Cove, Long Island. Among the pall bearers were: Justices Willard and Bartlett, Congressmen Franklin Bartlett, General James H. Wilson, Prof. Charles S. Sargent of Harvard, Charles Dana, the late Benjamin F. Tracy. The service was conducted by Rev. Dr. William R. Huntington, rector of Grace church, New York, assisted by Rev. Dr. G. W. Gamack, rector of St. Paul's church, Glen Cove. A number of prominent people attended the funeral.

DRY GOODS MARKET.

Practically Unchanged—Woolen Goods a Stock Feature—Cottons Less Active.

By Telegram to the Morning Star.

NEW YORK, October 20.—The situation in dry goods is practically unchanged. Unfavorable weather conditions, which have heretofore been a drag on the market, are giving promise of changes, and the buying from Southern States, where the yellow fever panic has had a depressing effect on the trade, begins to be heavy again. The distribution in various sections of the country is still reported rather slim. Woolen goods are still a strong feature of the market, sales for next year being more of a factor day by day. Cotton goods are generally less active. In staple cottons, brown goods, in both sheetings and drills, are still quiet and without feature.

SHORT CROP OF POTATOES.

Great Falling Off in Yield and the Quality Doubted.

By Telegram to the Morning Star.

NEW YORK, October 20.—Not since 1893 has the potatoes of the United States proven so nearly a failure, says the *American Agriculturist* in its report of the yield of 1897. Compared with the liberal crop of last year, there is an apparent falling off of nearly thirty per cent. in the tonnage and the quality of the whole is greatly deficient. Country and township returns from all the leading potato growing States to this weekly newspaper show the yield to be 174,000,000 bushels against 345,000,000 in 1896, 288,000,000 in 1895, 185,000,000 in 1894 and only 155,000,000 in the short crop of 1892.

Mayor Harrison, of Chicago, will speak in New York city, October 28th, in the interest of Judge Van Wyck, the Tammany candidate for mayor. Mayor Harrison will be accompanied by nearly every member of his cabinet. About 150 members of the Cook County Democracy, headed by the redoubtable Captain Farrell, will escort them.

THE FEVER SITUATION.

SIXTY NEW CASES AND SIX DEATHS AT NEW ORLEANS.

Five Cases and One Death at Montgomery—No Pauses—Four Thousand Persons Left Sunday and Monday—A Few New Cases Reported at Mobile and Other Points.

By Telegram to the Morning Star.

MONTGOMERY, Ala., Oct. 20.—The official bulletin issued by the Board of Health to-day at 1 o'clock names only five cases of yellow fever for the past twenty-four hours and one death. The death is Pat White, reported yesterday, but sick for ten days. A post mortem examination was held upon his body this afternoon under the supervision of the State Health Officer Saunders, and it is given out unofficially to-night that yellow fever was the cause of death.

There is no panic here now. The nervous people have all left. Probably four thousand persons went away Sunday and Monday by trains and private conveyances. A special provided on the L. & N. road last night did not carry 100 people, showing that the panic is over.

There was a petition filed with Mayor Clardy to-day from a large number of leading citizens, asking that an expert of national reputation be brought here to determine the character of the fever. Very many people doubt whether the prevailing sickness is yellow fever, among them are a number of physicians, some of whom have been through yellow fever epidemics. The Board of Health concurred with the mayor in granting the petition, and Surgeon General Wyman was asked for an expert.

A citizens committee, of which ex-Governor Jones is chairman, to-day sent a scorching protest to Governor Jones at Birmingham against the State quarantine regulations which do not permit refugees from here to stop at any point in the borders of the State, even where it is safe, and local authorities are willing to receive them. The committee called on the Governor to revoke the State Board of Health and have the regulations rescinded.

Associated Press dispatch from Birmingham to-night announced that the State government has been temporarily removed to Birmingham; that Governor Jones and all the State officers have located there. This is a distortion of the facts. The State government is located here by the constitution and cannot be changed except by a vote of the people. There is no provision for temporary removal. Furthermore, all the State officers are not located at Birmingham. Secretary of State Jackson, Auditor White, Treasurer Ellis and the Governor's private secretary, Mr. Cary, are here. They could not get to Birmingham if they desired because of State quarantine regulations. The officers named are on duty here daily and most of the Governor's duties cannot be transacted without the co-operation of at least one of them.

JACKSON, Miss., October 20.—The State Board of Health has issued the following statement:

Dr. Metcalf reports from Nitta Yuma that there are no new cases; all the sick are doing well.

Dr. Purcell reports the following from Edwards: "New cases to-day one white and three colored."

Dr. Watts reports three cases in the Queen's Hill neighborhood, two whites and one colored. All the sick are doing well and none are critically sick.

Dr. Dabney reports from Clinton: "Two cases under treatment—Dr. Miller and Robert Miller—formerly reported."

The report from Cayuga is to the effect that there are five new cases in that neighborhood, two white and three colored.

NEW ORLEANS, October 20.—All previous records as to the number of new cases were broken to-day. Early in the evening sixty new cases had been entered in the book of the board. At the same time there had been six deaths. These had all occurred during the early morning hours.

The weather to-day has been unlike that of the entire week. It has been cool and sultry, with the nights and early mornings especially calculated to produce fatalities. Of the deaths to-day two or three were the result of poor treatment.

The most important death of the day was that of Ira T. Britton, manager of the General Electric Company here. He came here about a year ago from Colorado. His father, Francis Britton, who said he was from Kansas City, walked into the Charity Hospital last night and said he was ill. A rapid diagnosis showed that the man was suffering from yellow fever. He was quickly taken to the isolation hospital, but had not been there many hours before he breathed his last.

MCHENRY, Miss., October 20.—There are three new cases here to-day. Scranton reports sixteen new cases and one death.

Pascagoula reports three new cases and one death.

The Biloxi Board of Health reports: New cases, 17; deaths, 5.

Franklin, La., reports one case.

MOBILE, Ala., October 20.—There were seven new cases of yellow fever to-day. Total to 289 deaths; 23 recoveries, 144; under treatment, 89.

There are three new cases at Toumerville.

GENERAL PASSENGER AGENTS.

Resolutions Adopted by the American Association of General Passenger Agents.

By Telegram to the Morning Star.

ST. LOUIS, October 20.—The American Association of General Passenger Agents, now in session here, with delegates representing the principal railway systems of the United States, Canada and Mexico, has adopted resolutions calling attention to the necessity for State and national legislation against the ticket scalping evil. The State legislatures that have not already done so are urged to adopt laws confining the sale of tickets to the proper authorized agents of the transportation companies, and at the same time that will require under suitable penalties the redemption of every ticket or part of ticket that may be used. Congress is also requested to pass the so-called "anti-scalping" bills now before that body.

Officers for the ensuing year were elected as follows: W. A. Ark of the Southern road; President, C. F. Northern Pacific, vice president, and Mr. Smith re-elected secretary. President Turk announced the following executive committee for the next year: Mr. Sebastian, of the Rock Island, chairman; Messrs. Lee, of Philadelphia; Delhove, Grand Rapids; D. L. Edwards, Cincinnati; C. P. Amore, Louisville; Kendall, Boston, and Nicholson, St. Louis.

Resolutions of regret were passed upon the recent death of Messrs. B. W. Thatcher, of the Mexican Central railroad, and C. C. Hancock, of the Philadelphia & Reading.

The stage running between Lewiston and Ulenstown, Washington, was held up Monday night by masked men and U. S. mails and express boxes were rifled.

THE LUETGERT TRIAL.

Jury Still Unable to Agree—Juror Harley Holds Out For Longer.

By Telegram to the Morning Star.

CHICAGO, October 20.—At 8:30 to-night it was announced from the office of State's Attorney Deussen that there would be no announcement of a verdict in the Luetgert case before the opening of Court to-morrow morning. For a time to-night it was rumored that the jury had not agreed by to-morrow it will be discharged as soon as it reports its inability to reach a verdict. This, however, is not the case. It is the firm determination of Judge Tuthill to keep the jury until Saturday night or late Saturday afternoon before he permits them to go with a disagreement. He has announced that both State and defendant spent so much money and time and the case has been so long and difficult to try that he will not consent to the discharge of the jury until there is absolutely no hope whatever of a verdict being reached.

The jury stands about where it stood twenty-four hours ago. Reports vary from nine for the death penalty to two for acquittal to eleven for death and one for acquittal. The one juror holding out for Luetgert is Harley, and it is thought that if he would change from his present position to a verdict of death there would be little time lost in arriving at a verdict. Juror Holabird is also credited with favoring the acquittal of the prisoner, but it is thought he will come around quickly if Harley could be induced to vote for conviction.

The feeling among the jurors who are in favor of the death penalty is high against Harley, and they have done much talking to him. At one time this morning they even sent for Judge Tuthill to know, among other things, if eleven men could compel one man to vote with them, or if a verdict would be valid if by eleven men signed it. This is the incident that gave to the State the idea that but one man was standing between the Luetgert and death sentence.

It is rumored that Judge Tuthill this morning opened three letters offering bribes to the jury. This report cannot be verified.

The court room of Judge Tuthill is the scene of vandalism which has no parallel in the annals of sensational trials. Some of the spectators took advantage of the absence of the bailiffs and clerk Knoch and seized on every portable article of stationery in view. Sections of the improvised desks used by newspaper reporters during the tedious trial were carried off by the mob crowd.

Judge Tuthill, in the course of his frequent communications with the court room by telephone, inquired after his gavel and inkstand. He said he was particularly anxious to keep both as mementoes for his wife. When he was told that all small articles were gone he expressed himself in vigorous language.

BIMETALLIC COMMISSION.

Salisbury's Reply—The British Government Rejects the Proposal for an International Monetary Conference.

By Cable to the Morning Star.

LONDON, October 20.—Lord Salisbury to-night sent to Ambassador Hay the following reply of the British Government to the proposals of the American bimetallic special commission, headed by Senator Wolcott. It is a diplomatically worded note.

His Lordship says that the Government of Great Britain is not able to reopen the mint of India at present. He regrets the inability to accede to the proposals of the American commission. Great Britain having a great interest in the United States and France in securing a stable par exchange for gold and silver and an enlarged and heretofore the British Government does not see the desirability of an international monetary conference, but will be pleased to consider any other practical suggestions from the United States.

Lord Salisbury encloses with the note a copy of the statement of Sir J. Westlake, head of the financial department of India, which was under discussion at the meeting of the cabinet council last Saturday and which takes strong grounds against the re-opening of the India mint.

Ambassador Andrew White came from Berlin last Saturday. He has avoided publicity, but has had several conferences with Senator Wolcott. In the course of an interview with the correspondent of the Associated Press, Mr. White said that Germany's action as to bimetallic will depend upon England's. Discussing the possibility of a tariff war, Mr. White said: "I do not believe that Germany will inaugurate a tariff war with the United States. The German press and the German statesmen have been very bitter against the Dingley law, but I think they are now beginning to realize that an increased prosperity will enable the United States to buy as much under the new tariff as they can under the old."

MARSHAL BLANCO.

Confident of Success in His Mission to Cuba—But Cannot Fix a Date for the Termination of the War.

By Cable to the Morning Star.

MADRID, October 20.—A dispatch from Corunna says Marshal Blanco, prior to embarking yesterday for Havana to assume his new responsibilities as Governor General of Cuba, made the following statement:

"I go to Cuba with full confidence in the efficacy of the new program, to insure immediate and certain success. My military and political aims I shall develop simultaneously. I have not been able to maintain a reserve regarding the intention to bestow the full authority offered by the Liberal party when I was in the opposition. I cannot fix a date for the termination of the war. One of my generals has expressed himself confident of returning victorious in seven months. Matters might take a turn to confirm this surmise, but if all ends well it will make no difference even if we do take a little longer to reach peace."

REMOVED TO BIRMINGHAM.

The State Government of Alabama Abandons Montgomery.

By Telegram to the Morning Star.

BIRMINGHAM, Ala., October 20.—Owing to the prevalence of yellow fever in Montgomery, and the fact that all of the towns and cities of the State have quarantined against that place, the State government has been temporarily removed to Birmingham. The Governor and all the State officers have located here and are transacting business from this point. The altitude of Birmingham is such that the yellow fever cannot live here, and it was selected by the Governor as the temporary seat of government because of this fact.

A dispatch from Montgomery, N. C., says General Clingman's condition is better. No immediate danger is anticipated.

RALEIGH NEWS BUDGET.

DIRECTORS OF THE PENITENTIARY HOLD A MEETING.

The Latest Question—Bridges Against Kirby Smith—Young Men's Republican League—The State Fair a Great Success—Confederate Veterans' Day.

[Special Star Correspondence.]

RALEIGH, N. C., October 20.

The State Board of Agriculture met this morning and almost immediately adjourned until to-morrow. They have inspected the new furniture for the museum and to-morrow it will be accepted. The furniture will cost about \$8,000, and every day this Board spends in Raleigh the people must pay over \$7.00, but that does not prevent them from wasting time.

The Board of Directors of the State prison are now in session. The lease of the prison will probably be considered to-day. Dockery, Cannon and others held a caucus late last night, but say that they are pledged to secrecy for the time being. This Board will also take action regarding Dr. Kirby Smith, to-day or to-morrow.

The negroes who are not satisfied with the amount of pay given their race will meet here November 8d.

The Young Men's State Republican League met in the Senate chamber last night. Seventy-three delegates were present, and fifty counties were represented. Warren V. Hall, of Cleveland county, was elected president, and he appointed P. H. Lybrook, of Winston, first vice president, and Thomas R. Rolfe, of Madison, secretary. The only resolution adopted was "Resolved, that we stand by the principles laid down by the Republican party." Eight negroes were present. Toward the close of the session, chairman, and Howe, of Wilmington, temporary secretary.

The Fair is a great success. The attendance is increasing daily. The Confederate Veterans' day and the portraits of the three colonels—Vance, Bargrave and Lane—will be presented at the Fair at noon. The Confederate veterans of the State will hold a meeting at the Capitol to-night.

The Road Congress meets to-night also, and so does the State Dairyman's Association.

[Special Star Telegram.]

The Penitentiary directors devoted the afternoon to hearing evidence against Kirby Smith. Miss Hampton testified he had had improper relations with her. Evidence of her bad character was given. Dr. G. L. Kirby says she is not insane, has no business in the penitentiary and will be discharged.

ALLEGED FILIBUSTERS.

Schooner Donna T. Briggs Detained at Norfolk.

By Telegram to the Morning Star.

NORFOLK, Va., October 20.—Collector of Customs Leroy H. Shields to-day received another dispatch from Secretary Gage instructing him to hold until further orders the schooner Donna T. Briggs, now detained here on suspicion of having been engaged in filibustering.

The Silver Kite, an alleged filibuster, which has given the New York officials the slip and is supposed to be headed for Norfolk, has not yet put in her appearance. The customs officials are on the watch for her.

MARINE MISHAP.

A Big Three-Masted Astron on the New Jersey Coast.

By Telegram to the Morning Star.

LONG BRANCH, N. J., October 20.—About 9:30 to-night a big three masted freighter grounded on the outer bar below Spring Lake. The vessel lies so far out that it is impossible to board her. She appears to be a schooner, and is supposed to be carrying a cargo of coal. No communication has yet been opened with her. She is not thought to be in any immediate danger, but the life savers will make every effort to reach her.

As a result of the recent civil service examination, in which there were about thirty five competitors, Secretary Gage appointed James K. Taylor, of Pennsylvania supervising architect of the Treasury.

At Blue Earth City, Minn., yesterday, George Young, a farmer, shot and killed his wife. His two boys aged 3 and 4, and himself. Business and domestic troubles form the only explanation for the deed.

A Norfolk, Va., dispatch says: The city has been on short water rations for the past month. The water famine was brought about by a combination of factors. The citizens can have water when they want it.

It has been decided to hold the funeral of the late George D. Pullman on Saturday, October 23rd, at 2 p. m., from his late residence. The pall bearers and officiating clergymen have not yet been decided upon.

A Medical Warning.

All medical men of large experience have frequently in the past advised patients to place a bottle of medicine to their lips and take a draft of its contents in a dark room under the impression that there was only one bottle upon that shelf. When in reality some other member of the family had placed other bottles there. In this way serious cases of poisoning have occurred. In other instances a wife rising in the night to give some medicine to her husband or child has picked up the wrong bottle in the dim light and administered a fatal dose, with terrible result.

Where medicine is ordered in drops, you should always obtain a medicine dropper from a drug store and avoid attempting to drop the medicine from the bottle, as it is required to use the hand and accurate counting to avoid mistakes.

Finally let me warn you against one common habit which is closely connected with the use of bottles containing old medicines and is strongly condemned by oculists, who most frequently meet with it. The habit of preserving old bottles of medicine which have been used for dropping fluids into the eye. Quite frequently powerful medicines dry in these droppers, when they have been used as eye washes, they produce symptoms which very seriously alarm the patient and which may to some extent mystify the practitioner.
